DETAILED ACTION

Claims 19-36 are pending in the application.

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions, which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 19-21, 31 and 32, drawn to compounds and process of preparing the compounds of formula II.

Group II, claim(s) 22-24, 33 and 34, drawn to compounds and process of preparing the compounds of formula VI.

Group III, claim(s) 25, 26 and 36, drawn to compounds and process of preparing the compounds of formula VIII.

Group IV, claim(s) 27 and 28, drawn to the process of preparing the compounds of formula XV.

Group V, claim(s) 29, drawn to the compounds of formula IXa.

Group VI, claim(s) 30, drawn to the compounds of formula XVIa.

Group VII, claim(s) 35, drawn to the compounds of formula VII.

The inventions listed as Groups I-VII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the inventions of

Groups I-VII are drawn to structurally dissimilar compounds and processes of preparing. They are made and used independently. One does not require the other for their use. If, say, the triazoles of Group I, were anticipated, applicants would not acquiesce in the objection of any of the Groups II-VII there over or vice-versa and, thus, they are not linked to the same or corresponding special technical features.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement may be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
